# NETWORK INTELLIGENCE

SIPSELECT SERVICES

SIPSELECT Services from *Network Intelligence* provides the most flexible and cost effective carrier solution in the industry today.   Integrate an existing carrier(s) into a managed service, create a network solution by selecting from over 40 carriers delivered directly to your platform(s) or routed through the N.I. managed redundant switching layer for ease of access, flexibility and survivability.

SIPSELECT utilizes direct relationships with 40+ carriers. Each carrier has unique capabilities which we leverage to help our customers deliver the technical and cost savings dictated by their business plan. A few of the suppliers are listed below:
